# IT WORKING GROUP TELECONFERENCE

# 10/08/2003

## 1.0 DATE AND TIME.

October 8, 2003 – 1545 to 1630

## 2.0 LOCATION.

Teleconference.

## 3.0 ATTENDEES.

The following personnel attended the meeting:

- Dennis Litalien
- Cathy Clements
- Anthony King
- Mike Myers
- Andrew Drennon
- Eric Henningsen
- MaryAnn D'Antono
- Tim Merritt
- Don Schoolfield

## 4.0 ADMINISTRATIVE NOTES.

None.

## 5.0 SCOPE OR PURPOSE.

To discuss the integration/interaction of New Breed systems with necessary government systems.

## 6.0 AGENDA.

None.

## 7.0 DISCUSSION.

### 7.1 New Breed system interaction.

The group agreed that the following systems require some interaction by New Breed but there was not consensus at that time concerning the level of interaction with each system and which data elements required sharing.

- MIMMS
- GCSS
- SASSY
- MDSS II
- LOGMARS
- Web DEMP

## 7.2 Personnel and support for new breed.

All members agreed that there is a need to bring in additional subject matter experts with descriptive data for the data elements of the systems and for discussion of the interaction requirements. New Breed agreed that they could support interaction with the existing systems even if data entry by hand was the only means of exchange. Dennis Litalien reiterated that Mr. Doug Bryce wants New Breed's systems to interface with GCSS and also wants the systems government owned. CWO Norwood has agreed to provide New Breed personnel some limited visibility into current systems during their upcoming visit to Camp Lejeune.

## 7.3 Government Experts.

Don Schoolfield provided government points of contact to Dennis Litalien so that he could coordinate information exchange between the government experts and New Breed.

## 8.0 ACTION.

None.

## 9.0 FUTURE PLANS.

The meeting terminated with group consensus that the next step is exchange with government experts.
